### Key & Example.

BUILDING.

FENCE STRETCH.

**CORNER POST.** Place corner posts where two stretches of fence meet; commonly in the corners of the fence.

**END/GATE POST.** Place end posts at the ends of a stretch of fence. **Remember** to place them at gates and next to buildings.

**BLANK POST.** Place blank posts where needed for gate attachment when not connected to a stretch of fence.

**3-WAY POST.** Place 3-way posts where three sections of fence meet.
